

Envision Transportation

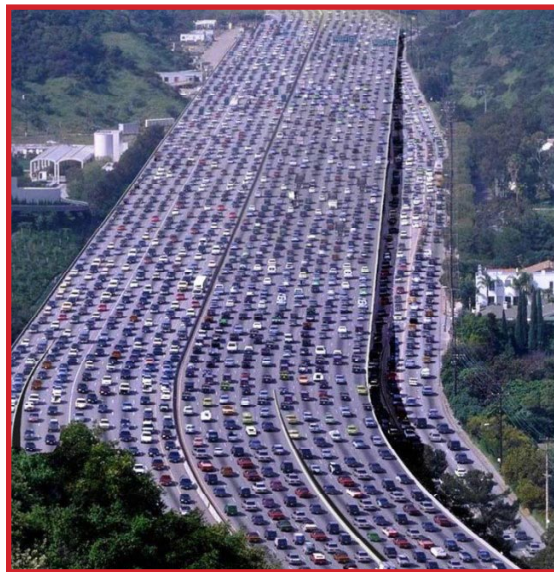

A community conversation on
transportation choices in Virginia Beach

Is this how you envision Virginia Beach's transportation future?

Does anyone
care about my
opinion?

Why worry about
transportation
now?

Why should I
participate?

Is there any
money for
transportation?

We want to hear from YOU!

Please Visit www.envisiontransportation.com

LEARN

About the project - Envision Transportation is a year-long project that asks Virginia Beach residents to help create their city's transportation future.

About various modes of transportation

– Bicycles, Light Rail, Bus Transit, Intercity Rail, Autos, Walkability, Low-speed vehicles

About related consideration of transportation

– Funding, Environment, Land Use, Special Needs, Transit Oriented Development, Culture

About other cities and agencies – What best practices are being used by other cities? What are our local agencies and what do they do?

PARTICIPATE

Join the forum – Dialogue with others regarding various transportation topics. These discussions will be used as part of the final report.

Post images and videos – Share your worst and best pictures and videos of transportation concerns.

Use transportation toolbox – Check out and use innovative web tools that are related to transportation issues.

Register for e-Notices – Keep informed of meetings and website updates regarding this project.

Envision Transportation for Virginia Beach
